WHAT IS JUNIOR SHARE BUILDERS PLAN?

It is a Share Builders Plan (SBP) that you can open jointly with your child aged below 18 to give him/her a head start in life.

By investing a fixed dollar amount regularly through SBP, you are gradually building up a portfolio for your child.

HOW TO PARTICIPATE?

Eligibility

A child below the age of 18 (from new born) may apply for a Junior SBP jointly with the parent / legal guardian.

Application Procedure

To participate in Junior SBP with Phillip Securities Pte Ltd (PSPL), you will need to apply for SBP by completing the account opening form, SBP application form and Inter-bank GIRO Application Form.

Required documents:

- i) Account Holders' NRIC for Singaporean/ Singapore PR or Employment/S-Pass and Passport for foreigner
- ii) Birth Certificate or proof of guardianship of the child

INVESTING IN SBP COUNTERS

Investment Amount(s)

You will have to decide on the gross investment amount that you wish to commit for each month. The minimum amount of investment is \$100 per month, subject to a minimum of \$100 per counter.

You will also have to determine the SBP counters you wish to invest in and the investment amount per counter. For example, \$200 to invest in DBS and \$300 to invest in SIA every month, hence total amount per month is \$500.

Amendments

The investment amount and SBP counter(s) to be invested may be changed by submitting an amendment request online via POEMS or by filling in the SBP Amendment Instruction Form. However, amendments for the month will be effected only if the instructions are completed and received by PSPL no later than 6 business days before the Transaction Date. Otherwise, the amendment will be effective from the next investment month.

Purchase of Shares

The aggregate monthly investments of all clients for any particular selected SBP counter will be done on the 18th* of every month ("Transaction Date") on a non-discriminatory and non-preferential basis. Your SBP will be credited with the nearest rounded-down whole number of the designated share counter that can be purchased with your fixed monthly investment less our handling fee. If the 18th of the month falls on a non-market day, buying of the counter will be done on the next available market day.

**PSPL reserves the right to buy shares on any other date where the need arises without notification to you*

Deduction of Handling Fee

For example, if you indicate that your investment amount for SIA is \$300 and if our handling fee is \$6.42 (inclusive of GST), the actual investment amount for SIA will be \$293.58 every month.

Excess Funds Aggregation

If there are excess funds in your SBP, these funds will be added to your current month's investment amount for purchasing your preferred counter. The excess funds may arise from, but are not limited to un-invested balances brought forward from previous month as well as corporate actions such as dividends, cash offers, bonus or rights issues.

For example, if the un-invested amount last month was \$8.70, then the investment amount for SIA this month will be \$302.28, which is the sum of \$300 plus the un-invested amount of \$8.70 less handling fee of \$6.42 (inclusive of GST).

By reinvesting the excess funds, you are eventually purchasing more shares. However, if you would like to withdraw any excess funds from your SBP, you may do so by informing your Trading Representative at least 3 business days prior to the Transaction Date.

Insufficient Funds

Purchase of the selected SBP share counters will only be executed when funds from clients are received **at least 6 business days before the Transaction Date** of each month. PSPL reserves the right to cancel the transaction in the event that funds are not received for the month. An "insufficient funds" charge of \$5.35 (Inclusive of GST) will be imposed.

Priority of Balance

Monthly investment will be effected only if there are sufficient funds in your SBP account to execute your SBP investment instructions. **No partial** investment will be made in the event of insufficient funds.

Selling of SBP Shares

The shares purchased through the Junior SBP may only be sold through the adult's trading account. The adult (main account holder) is required to have a trading account such as a Phillip Cash Management Account (KC), Phillip Cash Trading Account (T), Custodian Account (C), Margin Account (M) or Financial Account (V) prior to the sale of the shares. The sale of shares may be executed through POEMS online or your Trading Representative. If you are selling the shares online, it is important for you to notify your Trading Representative that you are selling from your Junior SBP shareholdings after the order is done in the trading account. The sales proceeds are made payable strictly to the joint names of the Adult and the child via cheque mail to the mailing address in our records.

Payment

Inter-bank GIRO is used for fixed monthly transfer of funds from your bank account to PSPL for the purpose of investment. Clients have to ensure that sufficient funds are available at least 6 business days before the Transaction Date (18th of every month) of each month. Pending your bank's approval of your GIRO application, you may make payment by

cheque / cash (cash over the counter is only available at Phillip Investor Centre, Raffles City) for the first month of investment.

Corporate Actions

Script and/or cash entitlements such as bonus, rights issue, dividends, proceeds from cash offers etc will be credited into SBP account. The cash entitlements will form part of the excess funds and will be reinvested into your preferred counter subsequently.

As part of the product features, PSPL will arrange for the Rights Shares (the "Rights") to be sold as "nil-paid" rights on the SGX-ST during the trading period. The net proceeds allocated after the deduction of SGD5.35 (inclusive of GST) handling fee, if any, will be credited into your SBP account to form part of the excess funds and will be reinvested into your preferred counter. Brokerage for this liquidation will be waived.

OTHERS

- 1) The main account holder of this Junior SBP shall have full authority to operate the account.
- 2) Share transfer from the Junior SBP to the CDP Account of the main account holder is **NOT** allowed.
- 3) If the main account holder is declared bankrupt, the Junior SBP will be suspended. The assets in the SBP will be split to 50:50 payable to the Official Assignee. The remaining 50% ownership will be held by Phillip Securities Pte Ltd in custody until the minor joint account holder attains the age of 18.
- 4) **WHEN THE MINOR JOINT ACCOUNT HOLDER ATTAINS THE AGE OF 18**, both account holders are required to notify Phillip Securities Pte Ltd and update their personal particulars with the supporting documents.

The main account holder has to decide whether to continue the plan as a joint account, transfer the holdings to the child's individual Young Investor Group (YIG) account or terminate the SBP.

If the main account holder decides to terminate the SBP, he/she has to sell all the shares in the Junior SBP through his/her trading account.

If the main account holder does not have a trading account with Phillip Securities Pte Ltd, he/she has to apply for one before proceeding to terminate the SBP. The sales proceeds are made payable strictly to the joint names of the adult and the child via cheque mail to the mailing address in our record.
