I, the undersigned, confirm having understood the content of the Securities Borrowing and Lending account as spelt out in the Information Sheet, and that the terms and conditions stated in the Conditions Governing Phillip Securities Trading Accounts booklet are acceptable. I have also read and understood that when Customer borrows securities from PSPL, the Customer will be required to deposit a required level of collateral. The Customer may be called upon at short notice to place additional deposits if the level of collateral is inadequate in relation to the market value of borrowed securities. If the required deposit is not made within the prescribed time, PSPL may buy-back the borrowed securities without prior notice to the Customer. In addition, I also acknowledge that for any and all collateral I provide will be title transferred to PSPL as provided in subsection 3(a) of Section 6 of the Conditions Governing Phillip Securities Trading Account and I will have no proprietary right to such collateral as against Phillip Securities Pte Ltd but only an unsecured debt obligation against PSPL for the value against PSPL for the value of the collateral following the title transfer. When the Customer lends securities to PSPL, the Customer temporarily loses legal ownership rights to the securities but in place, has the right to claim equivalent securities. In so far as the Customer receives manufactured dividends, the Customer may be required to treat the entire amount as income for tax purposes.
